Re: Docket # 2005-385-E / The Federal 2005 Energy Policy Act

Dear Mr. Charles Terreni,
I am a Greenville County resident and I am all for net metering. My dream home is a 'Green' home, which our goal to build is in 10 years, but not necessarily an 'off-the-grid' kind of 'Green' home. Just as much as I would want to be tapped into the 21st century, I would also want to be able to share my good fortune of free energy in the way that net metering would allow. Please consider being in favor of net metering for the future of our children, our community, our state, our existence.

Sincerely, Kim Griffin
